Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The applicant's representative called the examiner to discuss the merits of the case. Specifically that the examiner did not address the specifics of real time as claimed. The examiner stated that it would be helpful if the specific areas of the specification which discuss real time were brought to the attention of the examiner along with an explanation of such and that further consideration would be given to the claim limitations when the response to the office action is received.
